Dear Adam

**Extension work at North Rigton C of E Primary School**

On behalf of the staff, children, governors and parents we would like to convey our heartfelt thanks for the wonderful job that your team completed on our behalf. We now have a fantastic environment in which our children can learn for the future. The staff and pupils are delighted with their new school.

In particular we are indebted to Gary and his team who, worked so well with us during the 13 week build program. It cannot have been easy trying to undertake the work around a fully functioning school, however the team worked exceptionally to ensure the safety of everyone on site and in accommodating our day to day needs. The impact of the build on our children's education was kept to a minimum. It was also wonderful that the team became part of our school community.

The quality of the completed work is excellent and given the poor weather conditions, before Christmas, completion of the job in the agreed timescale was exceptional.

Healthy School

We have a school fit for the 21<sup>st</sup> Century, an environment in which our children will flourish. We would be happy to recommend Dobson Construction Ltd to other schools as a result of the quality of work undertaken and the efficient and cooperative manner in which it was undertaken.

Yours sincerely
